

Opal™

Sonic Infusion with Anti-Aging Serum

Building on the benefits of the Sonic Skin Cleansing System, Opal extends Clarisonic® skin care from sonic cleansing to sonic infusion. The Clarisonic Opal Infusion System combines a soft applicator tip, precision-tuned sonic frequency, and a proprietary gentle kneading motion to maximize the transfer of serum into the epidermis.

In just 30 seconds, Opal provides an
IMMEDIATELY NOTICEABLE
reduction of fine lines and wrinkles,
and firmer, brighter, more hydrated skin.

Benefits include:

- Reduction in the appearance of fine lines and wrinkles
- Firmer, brighter, more hydrated skin
- Immediate results that last for hours and improve over time

Clarisonic Anti-Aging Serum:

Scientifically developed by Robb Akridge, PhD, and Greg Peterson, PhD, this Anti-Aging Serum is optimized for the dynamics of sonic infusion. The antioxidant-rich formula provides a multi-layered approach to promote healthy, vibrant skin. Integrated into the Sonic Infusion System, the cap dispenses a measured amount of serum for skin that is immediately smoother, tighter and refreshed.

Key ingredients:

- Kigelia Africana Fruit Extract: **firm, plumps and soothes**
- Glycosaminoglycans: **firm, brighten and moisturize**
- Canadian Willow Herb and Oat Kernel Extract: **soothe**

Gentle for daily use. **Paraben free.**

Treatment areas:

Opal is perfect for fine lines, wrinkles and puffiness around the eye area. It can also be used on the lip and brow areas and forehead.

Easy to use in practice:

For best results, cleanse with the Clarisonic PRO before using Clarisonic Opal.

1. Dispense 1 pump of serum from the cap.
2. Press the power button and glide the soft applicator tip in a circular motion across the treatment area.
3. Cleanse the soft applicator tip after each client; do not run water over the device or the tip while the tip is on the sonic infuser.

Replace the tip after 200 uses, or when the tip becomes damaged.

Professional use:

Sonic Infusion is perfect for use after sonic skin cleansing in treatments such as facials, fillers, peels, microdermabrasion and pre-makeup application.

Opal Infusion System includes:

- 1 Clarisonic Opal Sonic Infuser
- Charging base
- 2 Anti-Aging Serum Dispenser Caps for a 90-day supply when used 1 minute, twice a day
- 1 replacement applicator tip
